DISCLAIMER: DRI CANADA may review and assess the Continuity Management and Technology Recovery (DR) experience and credentials for the candidate nominated as part of the Awards of Excellence determination process. Our review process and conferring of an award, does not constitute an endorsement of any individuals and does not imply any liability on the part of DRI CANADA. DRI CANADA assumes no liability for continuity or recovery from business interruption, personnel injury or loss, recovery of essential business information or financial loss, through its Awards of Excellence program.

Awards of Excellence Program Application for Student Award and Scholarship

DRI has developed and maintained a body of knowledge specific to the effective provision of business continuity management services and processes. These Professional Practices are intended to serve as both a guide for BCM Program development, implementation and maintenance and as a tool for conducting audits of an existing program.

Scholarly works (academic paper, report, project, presentation, etc.) that address the assessment of a business operational issue and recommend solutions that are relevant to the contents of the DRI Professional Practices for Business Continuity Management are eligible for submission.

Other judging criteria: readability (grammar, spelling, conciseness, completeness), scale of potential impact of the subject matter and originality of concept, ideas, thesis.

Please provide an EXECUTIVE SUMMARY (DO NOT EXCEED 1,000 WORDS) of your scholarly work.

DRI PROFESSIONAL PRACTICES

1. Program Initiation and Management
2. Risk Assessment
3. Business Impact Analysis
4. Business Continuity Strategies
5. Incident Response
6. Plan Development and Implementation
7. Awareness and Training Programs
8. Business Continuity Plan Exercise, Assessment, and Maintenance
9. Crisis Communications
10. Coordination with External Agencies
